Our approach to meeting the Products & Services Outcome and Price & Value Outcome – Information for distributors of the Product.

This summary document is being provided to you to fulfil our responsibilities under PRIN 2A.4.15R and PRIN 2A.3.12 R (2).

It is designed to support you to comply with your responsibilities under PRIN 2A.3.16 R and PRIN 2A.4.16 R. Please note that you are ultimately responsible for meeting your obligations under 'The Consumer Duty'.

This information is intended for intermediary use only and should not be provided to customers. It is one of three information sheets covering our residential mortgage range. Other information sheets cover our core mortgage propositions, and short term secured borrowing propositions.

1. Summary of our assessment

We have assessed that:

- Our Standard Residential Mortgage range continues to meet the needs, characteristics, and objectives of customers in the identified target market.
- The intended distribution strategy remains appropriate for the target market.
- The Product provides fair value to customers in the target market (i.e., the total benefits are proportionate to total costs).

2. Product characteristics & benefits

Coutts Mortgage Products are split between multiple propositions to meet the bespoke lending needs of Coutts clients. Each proposition has distinctive features and benefits that cover a range of borrowing characteristics.

Each proposition is designed to support differing client needs, with the ability to recommend multiple propositions per application. This includes multiple elements with differing terms, products, and repayment methods. This allows for bespoke tailoring to meet the clients individual borrowing needs.

It is recommended that you view this information sheet in conjunction with the information sheets for our other Coutts Mortgage Propositions.

Our Standard Residential Mortgage range covers **Base Rate Trackers, and Fixed Rate Products.**

These products can be secured against a residential property for clients who are:

- First time, next time or additional property buyers
- Re-Mortgaging from another lender.
- Releasing equity from an unencumbered property or as part of a remortgage from another lender.

The Standard Residential Mortgage range have the below features and characteristics:

- There is a requirement that clients meet Coutts eligibility criteria.
- Coutts eligibility must be met and that includes potentially paying a relationship tariff and income and asset thresholds being met. Clients will have the option to have a full banking relationship including a Current Account, however if the client chooses not to, we will set up a Mortgage Servicing Account for collection of mortgage related fees and over-payments.
- A range of Loan to Value options available.
- Mortgage Term between 2 and 40 years (restricted to 35 years for interest only lending)

- Guarantor and Multiple Party options.
- Lending into retirement.

These Products are not designed for customers who:

Do not meet our Lending and Affordability Criteria, which includes but is not limited to customers who:

- Are under eighteen.
- Are severely credit impaired borrowers.
- Want to purchase a property outside of the UK.
- Purchasing a property to let.
- Have, or are being recommended a Development Finance Product.
- Do not meet Coutts eligibility criteria.

4. Customers with characteristics of vulnerability

Our propositions are designed for clients within the target market. This will include some clients with characteristics of vulnerability, or who will experience vulnerability over time.

It is possible that the income and assets associated with wealth clients can mitigate some forms of vulnerability, and some clients who have experience with mortgage products may have a good understanding of the benefits and risks.

However, there is still likely to be customers who may require greater levels of support to ensure they are aware of the product benefits and risks and have a good understanding of the information provided to them.

We have considered the needs and objectives of customers with characteristics of vulnerability in the design process for this product.

We have vulnerability frameworks in place to achieve good outcomes for vulnerable customers, which include:

- Recognising that all customers may experience periods of temporary or persistent vulnerability.
- Ensuring our staff are suitably trained to identify, engage with, and support the needs of our vulnerable customers.
- Providing flexibility within our approach to policy, service provision and communications, making reasonable adjustments, where appropriate, to support good outcomes for our vulnerable customers.
- Ongoing monitoring to identify and respond to the needs of vulnerable customers.
- We recognise that there is further work being undertaken in Wealth and Group wide to meet the changing standards.

Intermediaries should continue to comply with your obligations to ensure that you treat customers in vulnerable circumstances fairly.

Please contact us if you need any further information about how we support the needs of all our customers in relation to the Product.

5. Our assessment of value

We have developed a comprehensive and robust assessment process which evaluates several aspects of our business to determine the value of our mortgage product. This analysis is used to ascertain whether the Product delivers fair value for customers.

The outcomes of the assessment process are presented to the Retail Risk Committee, allowing for challenge and further investigation before we sign-off the outcomes and share the summary of our assessment with you.

It is the responsibility for all Distributors to ensure their own charges for distributing the product or service represents fair value for the customer.

Our fair value assessment has considered the following:

Benefits

- The range of features provided.
- The level of customer support provided.
- The level of customer service provided.

Price

- The interest rate charged, including the arrangement fee.
- The fees and charges the customer pays for the product.
- Comparable products and price in the marketplace.
- Procurement fees paid to intermediaries.
- Consideration of fees intermediaries charge a customer for advice (market average used).

Costs

- The cost of creating the product (i.e., costs that contribute to running the bank).
- The cost of funding the product.
- The cost of processing the application.
- The cost of administering the product.
- The cost of closing the product.

Limitations

- Any limitations on the features of the product.
- Any limitations on the service of the product.
- Any limitations on the support provided for the product.
- Any limitations with the approach of agreeing and applying exceptions on consistent basis.

Results of our assessment

Based on the above factors the product currently delivers fair value for its intended target market.
